TaoReiki Holistic Services

- Reiki Master/Teacher
- Holistic Health Practitioner,
- State Certified Massage Therapist
- Umbanda Spiritualist, Omo Ogun
- Founder of the American Holistic Umbanda House

My practice combines the Japanese healing art of reiki with bodywork and life coaching. I have done energy work all of my life and draw upon spiritual insight and guidance to support my clients. I offer my own techniques of TaoReiki, which combines taoist principles with Japanese Reiki, and Ryoho Orishaki, an American Umbanda Healing System which draws upon the healing energies of the African Orisha. Through life coaching, I teach my clients how to define their needs clearly, providing tools to adjust strategies as their life changes to maintain balance.

The American Holistic Umbanda House is dedicated to training healers through self work, healing others and community outreach.
