*Medicine Woman*

*Reiki Master & Teacher*

*Because I've known your heartbeat for many life times ... Its pulsating rhythm stayed within my soul throughout worlds beyond earth ... Infinite love, this is our truth. My Light and my darkness*

...

*You have been with me and I with you.*

I am a teacher of love. I am a goddess of light. I am a mother of 4 Crystal children. I hold two master levels in Reiki in which I feel blessed to say I received from Reiki Master Teacher Carla Yvonne and Master Teacher Denise Payne Olliver.

I practice the Usui system of Reiki as well as the Kemetic Egyptian system of Reiki. I carefully studied, researched and completed my internship with Maya Cooper; My spiritual mother of light and love.

I've practiced reiki for 7 years. I hosted Healing Nights at Osiris healing temple with amazing practitioners as well as Masters. I use my born abilities of clairvoyance, intuition, and Much more to assist and teach love through energy healing. I'm guided by ancestors in order to bring light and help others on their mission to love. I believe our world is in need of THE FORCE OF LOVE.

I have a responsibility to bring the awareness that leads others on a path of healing so harmony within our community and earth is made possible. My intention is always for your highest good. Reiki is a positive non invasive healing alternative that can never cause harm. It's simple and safe. It's time to ask yourself : Am I Love?

Are you on your mission? Are you in need of help ?

*A man is NOT where he lives, but where he loves.*

- Latin Proverb
