

Kausalya Denise Payne-Ollivier

Jikiden Reiki Shihan Advanced Teacher/Practitioner

Usui Reiki Master/Teacher - Western Lineage

Singing Bowl/Sound Healer

Certified Melody's Master of Crystology

直傳靈氣®

After 8 years of studying with 3 Western Usui Reiki Masters and offering Western Reiki, I

found Tadao Yamaguchi. Tadao Sensei is the Director of the Jikiden Reiki Kenkyu Kai (institute) in Japan.

I began studying with Tadao Sensei in 2015 and have not looked back. It has been an amazing profound journey for me, my students and clients.

This has given me the ability to offer my clients and students the authentic original Japanese Usui Reiki teachings as Hayashi Sensei taught, uninfluenced by other modalities or cultures.

I have taught Reiki since 2007, and since that time I have strived to always do better and study hard myself. A vow to be the best student I can be allows me to be the best teacher for my students. And also helps me offer much service to my community.

Jikiden Reiki is profoundly simple and effective and can heal us on a soul level, not just the aspects of our soul. My experience has shown me that as we heal physically, mentally/emotional and spiritually, Jikiden Reiki assisting us to move forward on a much deeper level.

I offer my students many opportunities to continue working & learning right alongside of me through gatherings and community service work.

Because of this deep work over the years Reiki has helped me heal and create balance in my life, allowing my other works to surface, like Sound healing and working with Crystals.

Sound Healing offers my clients and students to experience healing with over 30 singing bowls, Quartz crystal pyramids, gongs, drums, chimes and many other ancient instruments.

My sound training has allowed me to study directly with Jonathan Goldman & attend a few small courses with David Gibson as well as much self-study.

Additional studies: Metaphysics with Melanie Tolley, certification by Karen-Kuk Nagle as a Master of Crystology in Melody's lineage. Much light and healing to you all, Kausalya
