

Juna Berry Madrone

Goddess priestess, empath, and mystic, I am adept at navigating the Spiritual World to effect spiritual transformation and healing. Through various modalities and sacred magic, many people have found fast, effective and permanent solutions working with Natural Mystic Guide.

My mission is to support your success in aligning with your soul purpose to achieve a life of joy and meaning. Any questions or issues that you bring to the table can be effectively addressed. The majority of my clients are friends whom I have yet to met. Because this work is done on the spiritual plane, it is not necessary to be face to face.

A visitation from Archangel Michael initiated me on the mystic path more than fifty years ago. I am naturally clairsentient.

Services Include: Prayer, Tarot, Soul Memory Discovery, Spiritual Guides, Dream Play, Past Lives, Karmic Issues, Transformative Ritual, Animal Communication, Space Clearing

Areas of possible exploration include soul purpose, soul partners, right livelihood, relationships, evaluating options and future trends.

Soul Memory Discovery is a process of energetic healing that enables us to access, identify, and release troubling issues that limit our lives and inhibit the full expression of our Essence and our Being. It has been called 'psychotherapy for the soul'. I specialize in adult Indigo work.

I have devised Tarot Netivot, a mystical system that transforms a Tarot deck into a powerful tool for self-exploration. Cards correspond to positions along the Wheel of the Year, the lunar calendar, the Four Worlds as derived from Kabbalah, and powerful universal feminine archetypes

My approach is respectful, compassionate, non-judging, earth-honoring, and playful. This work honors and draws upon the Divine Feminine.

I invite you to check out my website. Please give me a call to discuss how I might be able to support you on your path. Bright Blessings!
