In communion with the heartbeat of the unified field, that permeates all life, I surrender and open to it's guidance.

**I serve the shimmering body of our oneness  
Creating intentional space for wholeness.  
Inviting the fragmented parts home  
to the remembrance that they are Source,  
and tending to the sacred flame of the  
living breathing field of our unified love**

### Facilitating the Birth of Our Emerging Core Essence

*Another world is not only possible she is  
on her way. On a quiet day, if I listen very  
carefully, I can hear Her breathing.*

-Arundhati Roy

**our essential reality is already here  
it has a home within all living things  
it is woven through the visible  
and the invisible.  
it is a heart song,  
a field of love  
dancing with patterns of light.  
it is perceivable though our receptivity  
it is brought alive though our actions  
each moment  
is a living  
breathing  
sentient  
star-lit,  
sun-drenched  
galactic ocean  
of opportunity  
to remember that  
you are already home**

**In my healing sessions** I am present with, and give voice to, the wholeness of the client. I perceive each of us as a complete living universal ecosystem held within the sentient body of a greater living galactic ecosystem. My awareness seeks to assist the heartbeat of Source, which resides within, into a more harmonious relationship with the conscious field of our oneness.

In this duality Earth school we tend to perceive people, things and events as separate from ourselves and we create a limited conditioned reality from that perspective. The essence within, lives in the true knowing of our inter connectedness with all living things. Gently, step-by-step, moment-by-moment, we heal the illusion of duality and resurrect the living body of our wholeness, which dances in the stream of the current moment.
