

Moonrise Herbs™

Your online source for herbs, supplements, natural body care & so much more!

As Humboldt County's original herbs store, Moonrise Herbs has been enhancing lives as a full-service herbal apothecary since 1985. Our warm & knowledgeable staff can help guide you as you enter the world of holistic self-care, personal and spiritual healing, and making your own herbal medicines!

Our goal is to support you through this process by compassionately listening to your needs and guiding you to the highest quality organic herbs, teas, tinctures, essential oils, body care, and spiritual tools that could be of most help to you.

We seek out and diligently vet small companies that utilize excellent integrity and fair-trade practices in their processes from plants to medicinal products.

We invite you to our beautiful brick and mortar shop here on the Arcata Plaza to where you can also explore our wonderful book selection, energetic tools and delightful array of gifts available. Out of the area? Feel free to peruse our inspiring online offerings at moonriseherbs.com. The Moonrise staff is always happy to help with any questions you may have and we frequently offer classes and events to deepen your herbal knowledge & experience. If you feel you need a little extra one-on-one guidance, you can always make an in-person or phone appointment with one of our staff herbalists.
