Kuan Yin Transmission Healing Session, Channeling & Tarot Readings

I am offering the Kuan Yin Transmission created by my beloved teacher matriarch and creatrix Alana Fairchild who is the author of over twenty-six different oracle decks, which include the Sacred Rebels Oracle, Earth Warriors Oracle, and the Kuan Yin Oracle.

The Goddesses in this modality are Green Tara, Kuan Yin, Mother Mary, Isis, and Kali. They bring you eternal compassionate love that supports, sustains, and endures with you throughout your life.

They infuse their enlightened wisdom along with our sister planet of love Venus into the elements in our bodies through a series of mantras and mudras helping not only to alleviate unwanted circumstances and unhealthy patterns but also to bring enlightenment.

Are you ready to get activated by the Goddess? No matter how you identify this modality brings empowerment to radical acceptance of yourself in all the ways you experience and perceive yourself.

She brings us into our hearts. The radical nature of the heart is what creates life to be sustained in joy. The heart is the nature of the divine feminine and is what heals our souls and the lives of those around us.

In our session together you get to relax and receive. It's much like relaxing for a massage but instead you're receiving an energetic support system to enhance your life with more clarity, freedom, and heavenly guidance. Also, I will give you a reading that supports the healing occurring with affirmations and gives you clarity and insight on any issue you need help with.

The Kuan Yin Transmission healing session also works well as long-distance healing and it also is a lovely communal offering for group events by itself or in addition to cacao ceremonies, yoga retreats, sound baths, and many more healing gatherings.

"Rachel walks the priestess pathway. Her gentle and intentional compassion creates a space of expansive ease. I would highly recommend opening your heart to her unique magic. Through the guidance of the Goddess, Rachel opens a channel of light that kindly nurtures the soul."
