Elizabeth Ava

Alchemist, Channel, Priestess & Quantum Healer

I am Elizabeth. Lovingly here to support those on the journey of awareness and self-mastery. It is a joy to facilitate a deeper connection between you and your most authentic self. Connect through readings about your soul fractals and multidimensional aspects. Receive channeled messages from your higher self, angels, deities and the Sophia Collective. I work very closely with Brigid, Yemeya, Quan Yin, Lililth, Hekate, Pele, Gaia, Freya, Isis, Sekmet, Mary Magdalene, Yeshua, Kali Ma & Shiva.

Are you creating intentionally from awareness? Or perhaps is life being shaped by unconscious patterns and unresolved trauma? Let's work together to release limiting beliefs, trauma, and core wounding. As a healer, I focus sessions on releasing trauma and trapped emotions that are stored in the body and energetic field. I offer quantum healing and many modalities. Astral journeywork is my process of guiding you to travel into the astral realm with the assistance of guides. From this space, deep work can be done free from interruptions of the mind. Releasing patterns of suffering, and creating powerfully from the higher self and love.

I practice the priestess arts and love creating sacred ceremonies. I make frequency paintings, anointing oil and aura mist. Intuitive Tarot readings available. Please join my Patreon @Creatrix Alchemy for channeled classes, alchemy techniques, and ceremonies. Scheduling available by website and email.
