

# Blooming Bus<sup>✿</sup>

We are The Blooming Bus, a woman run Non-Profit through the Ink People DreamMakers program. We are a group of earth-motivated Individuals focused on transforming the human-nature relationship through education. Using biomimicry, permaculture, and sustainable practices, The Blooming Bus Project hopes to provide jobs, goods, conservation, and education for local communities.

*We are the ones we've been waiting for.*

The Blooming Bus is focused on how to take earth living to a new dynamic form that is able to sustain the evolution of our species and be applied in the modern world we are currently living in. Supporting and encouraging new ideas of how we can connect with everyday people along with providing alternative holistic healing. We offer a variety of healing modalities with several different practitioners. Reiki, EMDR, Integrated Energy Healing (IET) for Adults, Children, and Pets, Massage, Sound Healing, Holistic Healing for Pets, CBD Therapy, Tarot, Cancer Support, and Breathwork.

*Give someone a fish you'll feed them for a day, teach them how to fish and they will eat for a lifetime.*
