Our Annual **Healing Arts Guide** issue offers an in-depth look at the many skilled and gifted members of our healing community. It provides access to written profiles of our healing arts practitioners describing who they are, and what modalities and services they offer.

The Guide is **free** and is distributed throughout Humboldt, Del Norte, Mendocino and Southern Oregon for the entire year. We will be printing at least **10,000** copies this year with a conservatively estimated readership of **40,000** in 2023.

Wholistic Heartbeat Healer's Guide is an important resource for anyone who is looking to take an active role in their health and well being. This Healing Arts Guide is deeply rooted and has been relied on for almost 2 decades. It is very well received and referred to all year long by both seekers and Practitioners.
