

Gabrielle Zeitlin, CMT

Chi Nei Tsang

Chi Nei Tsang, or abdominal chi massage, is an ancient Taoist healing modality that translates as, “internal organs chi transformation.”

Holistic and integrative, it utilizes deep and gentle touch applied to the abdomen and, in conjunction with the breath, has the ability to bring the physical, spiritual, mental and emotional aspects of our beings into alignment. Using a combination of soft touch and breath work, CNT encourages vitality and efficiency in the organs.

Also aiding in the digestion of unprocessed emotional charges and energetic stagnancy, it addresses all of the body’s systems: digestive, respiratory, cardiovascular, lymphatic, nervous, endocrine, urinary, reproductive, muscular-skeletal, as well as the meridian system. Chi Nei Tsang helps to detoxify the body of excess, improving elimination, strengthening the immune-system, addressing postural problems that result from deep-rooted visceral tensions, helping to release chronic pain in the back, neck, shoulders, and misalignments of the pelvis, feet, and legs. By encouraging the client to expand into their breath more fully, Chi Nei Tsang brings them into communication with the deepest fathoms of their belly and thus, themselves.

Gabrielle is a belly enthusiast, a graduate of The Chi Nei Tsang Institute in Oakland, CA, and Loving Hands Institute in Fortuna, CA where she studied Therapeutic Swedish, Deep Tissue and Trigger Point
