### ***Inspiring Uplifting, and Transforming Your Life!***

As a Near Death Experiencer, I have come back with an important message, we are all loved unconditionally. Because of this life changing event I was given the gift of “*Clearsight.*” It allows me to see your Divine essence, your preciousness and my desire is to help you see that for yourself as well. My intuitive counseling and vibrational healing help people find and experience a more profound and uplifted life for themselves. I have had my healing practice for more than 25 years, and I have clients all over the world. I am passionate about helping others transform their lives by removing the blocks and barriers to their happiness and well-being. I offer hope, relief and healing and inspire your self-love and appreciation. My work is to inspire your dreams, uplift your spirit, and transform your life!

Through Intuitive Counseling I will clarify the issues and use Vibrational Healing to clear away any problems that may be hindering your growth and keeping you from realizing your worth. My techniques are quick, thorough and permanent.

My desire is to be your guide to your highest potential in all areas of your life, and a bridge to your expansion and transformation. When you are able to shift your perceptions and awareness you can create new experiences with renewed hope and enthusiasm. I love my clients and am blessed to do the work that I do.

*I'm often astounded by Dianne's ability to see into my soul and to spring forth observations and reflections that are so perceptive, it's uncanny. I often joke with her that she has X-ray vision. But she has the wisdom, tenderness and patience akin to having your own Yoda to talk with. My life is better, and I am a better person because of Dianne. She has a wonderful gift and shares it with tenderness and alacrity. - D. Best San Francisco, CA*
